PRINTED SHOWER SCREENS

a unique collection

---

## UNIQUE DESIGNS

NU-D are proud to bring you a unique collection of proprietary designs for the discerning residential market.

We utilise world-leading ceramic print technology to bring you outstanding performance in quality and durability.

Our shower screen patterns are printed onto clear glass with precision, controlling ink densities to reflect the delicate or bold nature of the design.

NU-D Insignia designs are fused into the glass giving an unrivaled level of scratch and detergent resistance.

---

# INSIGNIA

INSIGNIA is our signature range of elegant shower screen designs exclusive to NU-D.

The result of a beautiful collaboration of world class technology and interior designers.

## BAMBOO

Bringing nature into the home.

Varying tones of white are utilised in Bamboo, which creates a feeling of depth to a simple, contemporary nature element.

A classy design, ideal for full screen or fade.

IN\_Bamboo

IN\_Cones

---

## CONES

A modern twist on the nature theme, combining positive and negative pine cone elements with an abstract, sharp fade.

A striking design guaranteed to be the highlight of any bathroom.

# INSIGN

---

## BRAMBLE

A lively pattern of inter-twined shapes, creating a naturally wild rustic effect.

Each element consists of several tones giving a 3D feel to the design.

This pattern can be used to cover the entire panel or to any desired height within the panel.

IN\_Bramble

IN\_CBD

---

## CBD

Sharp lines and strong verticals are foremost in our CBD shower screen design.

A modern iconic-looking design depicting a sky-scraping city scene. A mixture of clear and printed space gives the feeling of depth and varies the obscurity.

# INSIGN

---

## FOLLI

Folli is an example of beautiful simplicity.

A mid-density pattern offering partial obscurity with a natural element.

Ideal for full panel coverage (as shown) or fade.

INSIGN

IN\_Folli

IN\_Mirage

---

## MIRAGE

A mesmerising twist on a classic optical illusion.

Mirage is a modern design combining 2D elements to create a 3D pattern.

A bright pattern offering maximum light using minimum obscurity.

# INSIGN

---

## CIRCLES

A bold pattern consisting of circles in various sizes and densities.

Offering a mid-level obscurity with a funky design ideal for full panel coverage or partial with fade (as shown).

INSIGN

IN\_Circles

IN\_Nova

---

## NOVA

Nova is an angular design constructed from popular 2D geometric elements.

Nova can be utilised as a continuous mid-toned pattern to cover the entire panel of glass or as a partial fade (as shown).

The Nova uses regular patterns of clear glass to create a feeling of light and space.

# INSIGN

---

## STICKLE

Stickle utilises similar percentages of printed and clear glass, providing equal opportunity for light and space.

The mid-toned prickly pattern takes its influence from natural elements to inspire a contemporary feel to the surrounding room.

IN\_Stickle

IN\_Spring

---

## SPRING

Spring is a bold pattern with a dominant single tone and density. Perfect for full or partial panel coverage.

With a single, repeated nature element, Spring is a strong design of even tones.

# INSIGN

---

## INSIGNIA *PREMIUM*

Leading the way in creativity and elegance is our Insignia Premium range of printed shower screens.

A collection of designs borrowing elements from nature and geometry, combining uniquely to offer a range that is bold with a modern edginess.

## RIPLETS

A beautiful arrangement of ever-increasing circles marks Riplets as an Interior Designer's favourite.

The deliberate control of mixed densities within the design creates a bold yet delicate pattern.

*PREMIUM*

INP\_Riplets

INP\_Maze

---

## MAZE

Inspired by Aztec iconography, Maze offers full obscurity to lower levels, fading naturally to clear glass at a level determined by you.

A bold, striking design of mid-to-solid density. Guaranteed to be a show stopper in any interior.

INSIGN

*PREMIUM*

---

## DANDI

Designed and printed to replicate the natural element it symbolises, Dandi is as delightful as it is delicate.

A 'soft pillow' effect is achieved using four levels of opacity and various element sizes.

Effective in full panel or partial panel coverage.

*PREMIUM*

INP\_Dandi

INP\_Metro

---

## METRO

Inspired by London's underground metro network.  
A classy, mid-toned linear pattern, perfect for full panel coverage.

INSIGN  
*PREMIUM*

---

## BOBBLE

Bobble is a quirky arrangement of dots and lines, combining to visually emulate topography in an abstract form.

Ideal for full panel (as shown) or fade.

INP\_Bobble

INP\_Totem

---

## TOTEM

Totem is a sharp, minimalist design inspired by the Arizona Desert. Three levels of density provide a visual sense of depth to a simple yet striking pattern.

INSIGN

*PREMIUM*

---

## ELECTRA

Electra is a light, angular design constructed from two layers of overlapping densities.

A modern linear pattern that manages to look bold yet delicate.

*PREMIUM*

INP\_Electra

INP\_Rumble

---

## RUMBLE

Rumble is a contemporary design that intelligently utilises a dense upper section to provide mid-panel privacy.

INSIGN  
*PREMIUM*

---

## STRIKE

Strike can be used to cover as much or as little of the shower screen as you wish.

A versatile design that looks at home in any bathroom due to its simple abstract nature.

*PREMIUM*

INP\_Strike

INP\_Canva

---

## CANVA

Canva is a dynamic pattern designed to emulate the brush strokes of an impressionist artist.

Perfect as a full panel or fade (as shown).
